- 3. How to take Natures Aid Sleeppeeze.**
- 4. Possible side effects.**
- 5. How to store Natures Aid Sleeppeeze.**
- 6. Contents of the pack and other information.**

1. WHAT NATURES AID SLEEPPEEZE IS AND WHAT IT IS USED FOR.

Natures Aid Sleeppeeze is a traditional herbal medicinal product used for the relief of mild mental stress and to aid sleep exclusively based on long standing use.

Each film-coated tablet contains 150mg of extract (as dry extract) from Valerian root (*Valeriana officinalis* L.) equivalent to 750-900mg of Valerian root. Extraction solvent: ethanol 70% v/v.

You must talk to a doctor if you do not feel better or if you feel worse after 2 weeks.

2. WHAT YOU NEED TO KNOW BEFORE YOU TAKE NATURES AID SLEEPPEEZE.

Do not take Natures Aid Sleeppeeze if:

- You are allergic to Valerian root or any of the other ingredients of this traditional herbal medicinal product listed in section 6.
- You are already taking medicine which can cause drowsiness
- You are pregnant or breastfeeding

Warnings and precautions.

- Do not exceed the stated dose.
- This product contains glucose. If you have been told by your doctor that you have an intolerance to some sugars, contact your doctor before taking this product.

Tell your doctor if your symptoms worsen during use or persist after you have taken Natures Aid Sleeppeeze for 2 weeks.

Children and adolescents.

This product is not suitable for patients under 18 years of age.

Other medicines and Natures Aid Sleeppeeze.

Tell your doctor or pharmacist if you are taking or have recently taken any other medication including herbal medicines or medicines that didn't need a prescription. **Do not** take this product if you are already taking a medicine which can cause drowsiness.

Natures Aid Sleeppeeze with food and drink and alcohol.

- The effect of this product may be increased by alcohol, excessive use of alcohol should therefore be avoided.

Pregnancy and breast-feeding and fertility.

Do not take this product if you are pregnant or breastfeeding, think you may be pregnant or are planning to have a baby, as it is not known if it is safe to do so.

Driving and using machines.

This product may cause drowsiness. If you are affected, do not drive or operate machines.

Natures Aid Sleeppeeze contains Glucose.

If you have been told by your doctor that you have an intolerance to some sugars, contact your doctor before taking this product.

3. HOW TO TAKE NATURES AID SLEEPPEEZE.

For oral short-term use only.

Always take Natures Aid Sleeppeeze exactly as described in this leaflet or as your doctor or pharmacist or nurse have told you. Check with your doctor or pharmacist or nurse if you are not sure.

The recommended dose is:

Adults and the elderly:

For relief of mild symptoms of mental stress, take one or two tablets daily.

To aid sleep, one tablet to be taken 30-60 minutes before bedtime. One additional tablet can be taken earlier in the evening if necessary.

Maximum dose: 3 tablets per day

As treatment may not be apparent immediately, the tablets should be taken continuously for 2 weeks.

If symptoms worsen, persist or do not improve after 2 weeks, a qualified healthcare professional e.g. a doctor or a pharmacist should be consulted.

Use in children and adolescents:

Not recommended for children or adolescents under 18 years.

If you take more Natures Aid Sleeppeeze than you should.

If you take more than the recommended dose (overdose), speak to a qualified healthcare professional e.g. a doctor or a pharmacist immediately and take this leaflet with you.

If you forget to take Natures Aid Sleeppeeze.

Do not take a double dose to make up for a forgotten dose.

Take the next dose when it becomes due.

If you stop taking Natures Aid Sleeppeeze.

There are no reported adverse effects associated with stopping this product, but if you feel unwell talk to your doctor or qualified healthcare professional.

4. POSSIBLE SIDE EFFECTS.

Like all medicines, this product can cause side effects, although not everybody gets them. The frequency of side effects is not known. Possible minor, side effects include:

- abdominal cramps
- nausea

If you find these effects troublesome, stop using the product. Speak to your doctor or pharmacist if you are at all concerned, if a side effect becomes serious, or you notice an effect not mentioned in this leaflet.

Reporting of side effects.

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via:

HPRAs Pharmacovigilance,

Website: www.hpra.ie

5. HOW TO STORE NATURES AID SLEEPEEZE.

Keep this medicine out of the sight and reach of children.

Do not use this medicine after the expiry date stated on the label and carton after EXP. The expiry date refers to the last day of that month.
